

Team Zoo Guide Meeting Minutes

2-5-2021

Attendees: Rebecca Grantland, Sarah Wathke, Suzanne Moore, Zachary Jones, Hritik Pathak, Christopher Cotten

Items Discussed and Decisions Made:

- The Animal information which includes the zoo map and facts will be soon available when Zachary contacts the Hattiesburg Zoo.
- Group discussed if we wanted links or a database for the webpage and we will need to decide on which will work better.
- Discussed the webpages I have created to make sure everyone agrees with the start of our outline.
- Discussed if everyone knew how to download from GitHub to download webpages.
- Team mentioned to do prototyping on the webpages created.
- Suzanne, Sarah, a Zachary will be doing more of the front-end development while Rebecca will test the database.
- Zachary will be making the zoo map interactive so they user can click on the selected area they want to view animals.
- Christopher and Hritik will collect animal facts to upload to the webpage.

Action Items:

- Suzanne, Sarah, and Zachary will be doing more of the front-end development and prototyping to see if the team would like to use links or a database for the information about the animals.
- Rebecca will be developing the database for the webpage.
- Christopher and Hritik will be gathering the animal facts to bring to the webpage.
- Next meeting the team need have prototyping complete and then make the flow and state diagram available the meeting after.
