

## **Team Zoo Guide Meeting Minutes**

### **2/19/2021**

**Attendees:** Rebecca Grantland, Sarah Wathke, Suzanne Moore, Zachary Jones, and Christopher Cotton.

#### **Items Discussed and Decisions Made:**

- Design reviews this week due to circumstances.
- How to start polishing up the website and get back to coding.
- Get tools downloaded for the database and use language PHP.
- Should download SQL since we are using the database for animals and not a lot of webpages.
- Chris is finished with the map on the phone.
- Hritik is still finishing up with the zoom on the map.
- Discussed when the design review is coming up and each team member will get one slide.
- Animal facts will start getting plugged into the database.
- Had a run down on how databases work while allowing a screen share on how the facts are getting plugged into the database.
- Suzanne and Sarah still catching up on the animal facts.
- Xamp should be connected to the c drive.
- Database to be set up in about a week.
- Animal facts will need to be stopped next week.
- Team will be using google slides to set up the presentation on the project. Link will be provided in the Discord.
- Rebecca will be setting up the slides and Zach will be doing the state diagram.
- Each team member will be assigned a slide.

#### **Action Items:**

- Suzanne and Sarah will be working on animal facts but will stop the animal facts this week due to more focus on the code.
- Hritik, Christopher, and Zach animal facts with Suzanne and Sarah.
- Each team member needs to work on the slides.
