

Team Zoo Guide Meeting Minutes

3/5/2021

Attendees: Rebecca Grantland, Sarah Wathke, Suzanne Moore, Hritik P, and Christopher Cotton.

Items Discussed and Decisions Made:

- Slides are completed and ready to be presented on the March of 16th.
- Looked over all slides to make sure all is correct and updated and asked questions to group to see if more information is needed.
- Group has changed next meeting to be at 5:00pm on the March of 16th due to the presentation at 6:00pm.
- Group has decided that 3-4 people will work on combing the code while 2-3 people will work on creating the unit test for the webpage.
- The unit test needs to make sure nothing returns NULL, and all animals are included.
- The unit test will most likely be a method with a four loop to call the database. This can be done in JavaScript.
- Unit test and combing code should be a focus for the meetings coming up.

Action Items:

- Suzanne and Sarah will be working on the unit test and will ask if Zach would like to help on the unit test.
- All animals should be checked to make sure they are all there.
- Rebecca, Chris, Hritik, are working on combining the code to make the project come together.
