Team Zoo Guide Meeting Minutes
2/12/2021

Attendees: Rebecca Grantland, Sarah Wathke, Suzanne Moore, Zachary Jones, and Christopher Cotton.

Items Discussed and Decisions Made:

- Discussed if we wanted to use all the HTML pages for the webpage. Having the HTML pages would include splitting up into groups.
- Zach will be cutting out more of the map out into more sections.
- A decision on if we need a search bar for user to search the animals which will be using a data base.
- Zach will be checking into having a database with a familiar project he has worked on.
- How the team will share code among others so we would have only one project to be worked on.
- Animal information can be taking from the Hattiesburg Zoo after Zach has asked permission.
- Hritik will be working on how to zoom into the map when an area is selected.
- Sarah and Suzanne will be gathering information on the animals that is in the Hattiesburg Zoo.

Action Items:

- Zach will be updating the map coordinates for selection.
- Suzanne and Sarah will be working on the animal facts.
- Rebecca will be looking in the database and answering any questions for the team.
- Christopher will investigate how the webpage is looking different on a phone view perspective.
